Linda – EPA is fine with the extension that your client has requested. So the due date for the response will be June 6, 2013.

In regards to getting together to get you up to speed on the Site, perhaps you could come over here and you could sit down with Mike Rudy, EPA's enforcement specialist for the Site, and I.

Re: Mueller Industries - Request for Extension to Respond to EPA Information
Request regarding the Upper Animas Mining District, San Juan County, Colorado

Dear Mr. Sisk,

We have recently been retained as counsel for Mueller Industries, Incorporated (Mueller) in connection with the Upper Animas Mining District Superfund Site. I am writing to follow up on our exchange of messages yesterday. We request an extension of 90 days to respond to EPA's 104(e) information request to Mueller dated January 16, 2013 and received by Mueller on January 23, 2013. The 45 day time for response in EPA's letter would require us to respond by March 8, 2013. Because of the scope and time periods in the 104(e) request, Mueller needs additional time to respond. An additional 90 days translates to a date of June 6, 2013 for Mueller's response. I understand that this date is acceptable to EPA, but would ask that you confirm by responding to this email.

I appreciate your prompt reply and EPA's willingness to provide additional time for Mueller's response.

Regards,

Linda Rockwood
